Interview Summary

Paper No. 05092007

Examiner's signature, if required

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The applicant presented the argument that the reference by Blanchard fails to teach "a menu driver to facilitate a user to navigate directly from one activity to another, ..., including saving a first state of a first activity from which the user is navigating from, ..., and entering a second state of a second activity to which the user is navigating to, the second state being the state in which the user last left the second activity". After the written amendment is presented, the examiner will consider the applicant's arguments and further search will be conducted.
